Dear Jerry,

Thank you so much for the vanity piece you built for our master bathroom. It is so Beautiful and has completely transformed our bathroom from ordinary to a high end luxury master bath. Your attention to every detail was absolutely critical and essential and nothing was overlooked. Your ability to walk us through each detail as well as your entire building process step by step from start to finish enabled us to grasp and visualize how the piece would look in its surroundings. Additionally, we were so impressed with your installation. The team you had on-site was reliable, neat and very professional. You exceeded every expectation that we had. Thank you so much for all your hard work. We look forward to working with you in the future again!

Best Regards,

Kara & Peter Welling
Bayport, NY

Jerry,

Your work is amazing
We love the piece.

Thank you again
Kara
